THE JOURNAL OF EXPERIMENTAL EDUCATION

A QUARTERLY

EXECUTIVE EDITORS

JOHN SCHMID, Professor, Bureau of Research Services, Colorado State College, Greeley, Colorado 80631. Chairman.

PHILIP LAMBERT, Professor of Educational Psychology and Educational Administration, and Chairman of the Department of Educational Psychology, University of Wisconsin.

L. JOSEPH LINS, Professor and Coordinator of Institutional Studies, University of Wisconsin.

September 1965 — June 1966

VOLUME XXXIV

DEMBAR EDUCATIONAL RESEARCH SERVICES, Inc.
Madison, Wisconsin

INDEX

Volume XXXIV

Ability Grouping in the Public Schools: Walter R. Borg, Winter 1965 1-97
Algorithm Learning and Problem Solving: Joseph M. Scandura, Summer 1966 1
Analysis of Covariance in a Randomly Replicated Arithmetic Methods Experiment: Fred L. Pigge, Summer 1966 73
Analysis of the Grades of Italo-American and Yankee Boys, An: Richard O. Ulin, Fall 1965 100
Analysis of Variance of Q-Sort Data, The: Irwin D. Nahinsky, Fall 1965 66

Anderson, Harry E., Jr., A Perimetric Correlation, Fall 1965 93
Antley, Elizabeth Martin, Creativity in Educational Administration, Summer 1966 21
Application of Adjunct Auto-Instruction to Teaching Computer Programming:
Ray E. Brewer and James W. Perry, Summer 1966 71
Application of Regression Weights to New Data, The: W. L. Bashaw, Summer 1966 69

Bartz, Wayne H., and Charles L. Darby, The Effects of a Programed Textbook on
Achievement Under Three Techniques of Instruction, Spring 1966 46
Bashaw, W. L., The Application of Regression Weights to New Data, Summer 1966 69
Belcastro, Frank P., Relative Effectiveness of the Inductive and Deductive Methods
of Programming Algebra, Spring 1966 77
Bennett, Lloyd M., Determining Gain of Selected Learnings in Science Using a
Specific Biological Unit, Spring 1966 41
Borg, Walter R., Ability Grouping in the Public Schools, Winter 1965 1-97
Borum, Elizabeth A., and Norman Livson, Mental Test Score Changes at
Kindergarten Entry, Fall 1965 89
Bradley, Robert L., Lecture Demonstration Versus Individual Laboratory Work in a
General Education Science Course, Fall 1965 33
Brewer, Ray E., and James W. Perry, Application of Adjunct Auto-Instruction to
Teaching Computer Programming, Summer 1966 71
Bristol, John L., Validity of the California Achievement and Mental Maturity Tests
in Predicting Success in Five Different First Year High School Foreign
Languages, Spring 1966 57

Cameron, Howard K., The Effectiveness of Feedback in Teaching Principles of
Educational Psychology, Spring 1966 53
Cantwell, Zita M., Relationships Between Scores on the Standard Progressive
Matrices (1938) and on the D. 48 Test of Non-Verbal Intelligence and Three
Measures of Academic Achievement, Summer 1966 28
Coan, Richard W., Levels of Measurement and Psychological Theory, Spring 1966 26
Collins, DWane, R., Myrtle T. Collins, and Donald A. Leton, The Effects of the
"Flight Technique" of Teaching on Creativity Scores, Summer 1966 32
Correction for Guessing, The: Edward E. Cureton, Summer 1966 44
Creativity in Educational Administration: Elizabeth Martin Antley, Summer 1966 21
Cureton, Edward E., The Correction for Guessing, Summer 1966 44
Cureton, Edward E., Factor Analysis of Eighteen Self-Description Personality Test
Items, Fall 1965 43

Davis, O. L., Jr., Linda Clayton Hicks, and Norman D. Bowers, The Usefulness of
Time Lines in Learning Chronological Relationships in Text Materials, Spring 1966 22
Determining Gain of Selected Learnings in Science Using a Specific Biological Unit:
Lloyd M. Bennett, Spring 1966 41
Differential Diagnosis of Low- and Average-Academic Ninth Grade Male Students:
Dale Lewis Robey and John J. Cody, Summer 1966 38
Dunn, James E., A Study of the University of Arkansas Mathematics Entrance Exam
as a Placement Device, Spring 1966 62

Eastwood, Gordon R., Longitudinal Consistency of Elaboration Scores, Fall 1965 52
Edgerton, Harold A., Science Talent: Its Early Identification and Later
Development, Spring 1966 90

Effects of the "Flight Technique" of Teaching on Creativity Scores, The:
DWane R. Collins, Myrtle T. Collins, and Donald A. Leton, Summer 1966 32
Effects of a Progamed Textbook on Achievement Under Three Techniques of
Instruction, The: Wayne H. Bartz and Charles L. Darby, Spring 1966 46
Effectiveness of Feedback in Teaching Principles of Educational Psychology, The:
Howard K. Cameron, Spring 1966 53
Empirical Determination of the Relative Importance of Educational Objectives:
Henry Hausdorff, Fall 1965 97

Estvan, Frank J., Stability of Nursery School Children's Social Perception, Summer 1966 48

Factor Analysis of Eighteen Self-Description Personality Test Items: Edward E. Cureton, Fall 1965 43
Former Student Evaluation as a Criterion for Teaching Success: Vernon C. Hall, Fall 1965 1
Funches, DeLars, The Superintendents' Expectations of the Negro High School Principal in Mississippi, Fall 1965 73

Hall, Vernon C., Former Student Evaluation as a Criterion for Teaching Success, Fall 1965 1
Hausdorff, Henry, Empirical Determination of the Relative Importance of Educational Objectives, Fall 1965 97
Hill, W. Merle, and Frank J. Woerdehoff, Prediction of Academic Achievement in Beginning German, Summer 1966 94

Intelligence, Creative Thinking, and Sociometric Choice Among Fifth-Grade Children: Kaoru Yamamoto, Marlene L. Lembright, and Ann M. Corrigan, Spring 1966 83
Interpersonal Perception Characteristics of Teachers: Earl L. McCallon, Spring 1966 97
Item Factorization of the Faculty Attitude Survey, An: Richard C. Richardson, Jr., and Clyde E. Blocker, Summer 1966 89
Ivanoff, John M., Gerald D. Monroe, and Sister M. Marita, Use of Intellective and Non-Intellective Factors in Classifying Female Elementary and Secondary Teacher Trainees, Summer 1966 55

Knief, Lotus M., The Personality of Pre-Theological Majors, Summer 1966 62
Kropp, R. P., H. W. Stoker, and W. L. Bashaw, The Validation of the Taxonomy of Educational Objectives, Spring 1966 69

Leake, Lowell, Jr., The Status of Three Concepts of Probability of Children of Seventh, Eighth and Ninth Grades, Fall 1965 78
Lecture Demonstration Versus Individual Laboratory Work in a General Education Science Course: Robert L. Bradley, Fall 1965 33
Levels of Measurement and Psychological Theory: Richard W. Coan, Spring 1966 26
Longitudinal Consistency of Elaboration Scores: Gordon R. Eastwood, Fall 1965 52

McCallon, Earl L., Interpersonal Perception Characteristics of Teachers, Spring 1966 97
McCallon, Earl L., Teacher Characteristics and Their Relationship to Change in the Congruency of Children's Perception of Self and Ideal-Self, Summer 1966 84
Mental Test Score Changes at Kindergarten Entry: Elizabeth A. Borum and Norman Livson, Fall 1965 89
Method for Assessing Adaptive Ego Functioning Using the Thematic Apperception Test, A: John M. Whiteley, Spring 1966 1

Nahinsky, Irwin D., The Analysis of Variance of Q Sort Data, Fall 1965 66

Perimetric Correlation, A: Harry E. Anderson, Jr., Fall 1965 93
Personality of Pre-Theological Majors, The: Lotus M. Knief, Summer 1966 62
Pigge, Fred L., Analysis of Covariance in a Randomly Replicated Arithmetic Methods Experiment, Summer 1966 73
Popham, W. James, Student Teacher's Classroom Performance and Recency of Instructional Methods Coursework, Fall 1965 85
Prediction of Academic Achievement in Beginning German: W. Merle Hill and Frank J. Woerdehoff, Summer 1966 94
Prior Learning, Presentation Order, and Prerequisite Practice in Problem Solving: Joseph M. Scandura, Summer 1966 12
Problem Solving and Prior Learning: Joseph M. Scandura, Summer 1966 7

Relationships Between Scores on the Standard Progressive Matrices (1938) and on the D. 48 Test of Non-Verbal Intelligence and Three Measures of Academic Achievement: Zita M. Cantwell, Summer 1966 28
Relative Effectiveness of the Inductive and Deductive Methods of Programming Algebra: Frank P. Belcastro, Spring 1966 77
Richardson, Richard C., Jr., and Clyde E. Blocker, An Item Factorization of the Faculty Attitude Survey, Summer 1966 89
Robey, Dale Lewis, and John J. Cody, A Differential Diagnosis of Low- and Average-Academic Ninth Grade Male Students, Summer 1966 38

Scandura, Joseph M., Algorithm Learning and Problem Solving, Summer 1966 1
Scandura, Joseph M., Prior Learning, Presentation Order, and Prerequisite Practice in Problem Solving, Summer 1966 12
Scandura, Joseph M., Problem Solving and Prior Learning, Summer 1966 7
Schill, William John, Unforced and Group Response to a Q-Sort, Summer 1966 19
Science Talent: Its Early Identification and Later Development: Harold A. Edgerton, Spring 1966 90
Stability of Nursery School Children's Social Perception: Frank J. Estvan, Summer 1966 48
Status of Three Concepts of Probability in Children of Seventh, Eighth, and Ninth Grades, The: Lowell Leake, Jr., Fall 1965 78
Student Teacher's Classroom Performance and Recency of Instructional Methods Coursework: W. James Popham, Fall 1965 85
Study of the Relation of General Semantics and Creativity, A: Sally True, Spring 1966 34
Study of the University of Arkansas Mathematics Entrance Exam as a Placement Device, A: James E. Dunn, Spring 1966 62
Superintendents Expectations of the Negro High School Principal in Mississippi, The: DeLars Funches, Fall 1965 73

Teacher Characteristics and Their Relationship to Change in the Congruency of Children's Perception of Self and Ideal-Self: Earl L. McCallon, Summer 1966 84
Teacher Classroom Control, Pupil Creativity, and Pupil Classroom Behavior: Kenneth H. Wodtke and Norman E. Wallen, Fall 1965 59
Team Teaching and Flexible Grouping in the Junior High School Social Studies: I. Zweibelson, M. Bahnmuller and L. Lyman, Fall 1965 21
True, Sally, A Study of the Relation of General Semantics and Creativity, Spring 1966 34

Ulin, Richard O., An Analysis of the Grades of Italo-American and Yankee Boys, Fall 1965 100
Unforced and Group Response to a Q-Sort: William John Schill, Summer 1966 19
Use of Intellective and Non-Intellective Factors in Classifying Female Elementary and Secondary Teacher Trainees: John M. Ivanoff, Gerald D. Monroe, and Sister M. Marita, Summer 1966 55
Usefulness of Time Lines in Learning Chronological Relationships in Text Materials, The: O. L. Davis, Jr., Linda Clayton Hicks, and Norman D. Bowers, Spring 1966 22

Validation of the Taxonomy of Educational Objectives, The: R. P. Kropp, H. W. Stoker, and W. L. Bashaw, Spring 1966 69
Validity of the California Achievement and Mental Maturity Tests in Predicting Success in Five Different First Year High School Foreign Languages: John L. Bristol, Spring 1966 57
Whiteley, John M., A Method for Assessing Adaptive Ego Functioning Using the Thematic Apperception Test, Spring 1966 1
Wodtke, Kenneth H., and Norman E. Wallen, Teacher Classroom Control, Pupil Creativity, and Pupil Classroom Behavior, Fall 1965 59

Yamamoto, Kaoru, Marlene L. Lembright, and Ann M. Corrigan, Intelligence, Creative Thinking, and Sociometric Choice Among Fifth-Grade Children, Spring 1966 83

Zweibelson, I., M. Bahnmuller, and L. Lyman, Team Teaching and Flexible Grouping in the Junior High School Social Studies, Fall 1965 21
